CAREER OBJECTIVE

Goal-Driven software developer with experience in C#, ASP.NET, SQL database management, JavaScript, React.js and Node.js. Skilled in developing scalable and high-quality software solutions that meet user needs and drive business growth. A collaborative team player with a strong commitment to continuous learning and professional growth, seeking an environment to contribute meaningfully to the organization's success.

SKILLS AND COMPETENCIES

- C#, ASP.NET, ASP.NET Core, ASP.NET Web API, .NET Core
- Solid Principles, Clean Architecture, Design Patterns
- Database management – MSSQL, MySQL, Entity Framework Core, LINQ, Mongo DB, Postgres SQL
- JavaScript (ES6+), HTML, CSS/SCSS, Tailwind, React.js, Node.js, Express.js
- JSON/XML
- RESTful API, Web Services, Microservices
- Docker, Containerization, Docker Compose
- Kubernetes
- Responsive Web Design
- Agile methodologies, SDLC, Unit Testing
- Git /Version Control, Trello
- Debugging and Troubleshooting
- Technical Writing, API Documentation
- IT Support

WORK EXPERIENCE

PlentyTechJobs Africa(Contract) Full Stack Developer

May 2024 - Present

- Developed and maintained company's website using Bubble, JavaScript, and Node.js
- Made necessary improvements to existing workflows and code and also implemented custom workflows, improving efficiency by 25%
- Optimized codebase and workflow, reducing page load times by 40% and spikes caused by in-efficient logic on the application, thereby enhancing user experience and preventing the payment of extra hosting charges.
- Integrated third-party APIs, plugins and services, expanding app capabilities.
- Implemented UI/UX designs and implementation journeys.

The Bulb Institute(Part-Time) C#/.NET Facilitator

February 2024 - Present

- Conducted lectures and practical sessions on various .NET technologies, including C#, ASP.NET, and Entity Framework Core.
- Developed and delivered comprehensive course materials, coding exercises, and projects to enhance students' understanding and practical skills.
- Provided one-on-one mentoring and guidance to students, addressing their questions and helping them overcome challenges.

LinkRx GT-Care
Full Stack Developer

June 2023 - Present

- Collaborated with a team of 5 to develop and maintain the API for the GT-Care application, helping retirees find companions, using C# and ASP.NET Web API and also worked on building the MVC part of the application.
- Designed and implemented a separate Node.js API for automated email sending to clients, improving communication efficiency by 30% and integrated with the main application's API.
- Built and integrated a custom authentication system using C#/ASP.NET, enhancing security for the application.
- Managed the customer-facing aspects of the API and frontend, facilitating a smooth onboarding process for new users which contributed to the successful onboarding of 100+ users onto the GT-Care application within the first month, contributing to its initial growth and adoption
- Implemented tasks and designs as specified, ensuring timely completion and adherence to requirements, also debugging and fixing issues promptly.

ReenEdge Solutions Limited
C#/.NET Backend Developer (Contract)

September 2023 – December 2023

- Designed the backend for applications using C#, ASP.NET Core Web API, and Entity Framework Core for efficient data management and communication with client applications
- Implemented authentication and authorization mechanisms, ensuring secure access to sensitive data and resources.
- Integrated third-party libraries and APIs.
- Utilized Docker for containerization, enabling consistent deployment across different environments.
- Implemented effective code optimization techniques, such as asynchronous programming, resulting in a 20% reduction in server response times and improved application performance.

The Bulb Africa
.Net Backend Developer

June 2022 – May 2023

- Developed robust APIs for various applications, including a Hospital staff management system, leveraging C#/ASP.NET, enhancing data accuracy and streamlining employee information management.
- Implemented a high-performance help desk API using ASP.NET Core and C#, resulting in reduced support ticket resolution times.
- Built an E-Commerce web application, collaborating with a team of 5 developers, utilizing ReactJS for the client-side and C#/ASP.NET for the server-side, providing a seamless user experience.
- Collaborated with cross-functional teams, identifying, troubleshooting, and resolving complex software issues, ensuring application stability and reliability.

Tech-So-Far
Full-Stack Developer (Internship/Contract)

October 2021 – February 2022

- Created a Restful web API using Node.js for seamless server-client communication, resulting in a 25% decrease in error rate and a 10% improvement in response times.
- Optimized database queries using JavaScript, resulting in improved application performance and faster data retrieval.
- Collaborated with frontend developers to integrate APIs with user interfaces, enabling seamless data flow between client and server.
- Conducted performance optimization, identifying and resolving bottlenecks to ensure efficient application performance.

Finosell
Software Developer (Trainee)

February 2021 – September 2021

- Developed and maintained full-stack web applications using HTML, CSS, React.js and Node.js.
- Implemented UI/UX design mockups into functional web interfaces, ensuring accurate representation of intended designs.
- Designed APIs using Node.js and Integrated web interfaces with the web APIs.

ThriveOmatic
Technical Writer

June 2020 – January 2021

- Wrote daily articles on topics including but not limited to: tech trends, tourism, and automobiles which resulted in a 20% increase in website traffic within my first 3 months.
- Participated in the 100k words a month challenge, resulting in a significant increase in revenue generated from the company's websites.
- Conducted thorough research on emerging technology trends and releases to create informative content.
- Wrote comprehensive how-to and buying guides for gadgets and technology to aid and guide readers in their purchases.

EDUCATION HISTORY

Olabisi Onabanjo University

Bachelor of Science

Ogun State

Kings College Lagos

West African Senior Certificate Exam

Lagos State
